Ray Bradbury Experience Museum
13 North Genesee Street
Waukegan, Illinois 60085

Dear RBEM Committee,

We, the daughters of Ray Bradbury, give our wholehearted support to your work in establishing a museum honoring our father in his hometown of Waukegan, Illinois. We are thrilled that our father's legacy will have a permanent space to inspire future generations and expose his imagination and creativity to the world.

We also support your approach to create an experience-based museum with the emphasis on immersion in his timeless themes, such as the human condition, the future, and freedom of expression, as expressed through his novels, science fiction, movies, and comics.

Thank you for the work and effort you all have put forth on this important project. We look forward to working with the Committee to bring this vision to fruition.

Sincerely,

Susan B. Nixon
